Residents Defend Police
In 'Snow Tagging' Row

Residents flocked to the defense of the Arlington Police Department this week following an attack on the "boys in blue" by an irate motorist.

In a letter to the Board of Selectmen last week, the angry resident charged the police with many faults and asked that a study be made of Police attitudes here.

The letter awoke a storm of controversy in Town.

Three residents wrote answering letters to the Advocate this week.

Others called the paper, the Police Department, and the Town Hall.

Letters extolling the Police Department said:

To "Tagged Resident":

It is apparent from the text

of your letter that you feel

your \$1,100 per year tax payment to the Town of Arlington entitles you to be a flagrant violator of all of the safety laws of this Town and, in fact, of Massachusetts.

As a citizen and fellow taxpayer, after reading your comments about the many occasions our local law officers have had to reprimand you for unsafe driving and parking practices, I could only recommend that the Registry remove your privilege of operating automobiles in this state.

It does not embarrass "Mr. Tagged Resident" to admit to the town officials that his auto has been driven through Arlington without a sticker. Possibly he is too lazy to

Shiftless Students Face
'Drastic Action' at AHS

The Arlington School Committee is planning what it terms "drastic action" against high school students who refuse to make any effort with school work.

At its next meeting, changes will be proposed in the School Committee rules to allow the administration to either place a pupil on probation or suspension.

These actions have been used for behavior problems in the past.

But now they will be taken against students who are not necessarily disciplinary problems but refuse to make any effort to do school work or homework.

An official school Committee release said:

"Indifference toward academic work by some secondary school pupils was the major topic for discussion by the School Committee last evening. The Superintendent brought to the attention of the Committee a developing situation whereby pupils who are not necessarily disciplinary problems are refusing to make any effort with school work or do any homework whatsoever.

"Efforts by teachers, counselors and administration have little effect on these pupils.

"Actually they represent about one percent of our secondary school population,

but it was felt by the administration that this attitude on the part of these pupils calls for drastic action before it increases.

"At the next meeting, changes will be proposed in the School Committee rules to allow the administration to take the following action with pupils who refuse to make any reasonable effort with school work assigned to them.

"After all other efforts by teachers and counselors have failed, school officials may:

"1. Place the pupil on probation, at which time he will be sent home with a note of exclusion until the parents come to the school with the child for an interview with the principal.

"2. Suspension, at which time the pupil will be sent home and excluded, with letters sent by mail to the parents and the Superintendent. The pupil will only be allowed to return after an interview between the parents, the pupil, and the Superintendent.

"That this is not necessarily a local problem is evidenced by the fact that a popular magazine has recently published an article concerning this tendency which seems to be developing among young pupils throughout the country.

"The Town Manager and Selectman Hurd appeared before the School Committee as representatives of a special Town Committee, to explain the plans for Appleton Place and parking area adjoining the Junior High School West property.

"Professor Forest, the School Committee representative of this special committee, outlined the plans in detail.

"The School Committee, by formal vote, agree that the plans, as presented are acceptable.

Mothers March On Polio Tuesday

Articles Planned
By Commission

The Arlington Development Commission met with the Selectmen Friday to discuss the Commission's articles at the coming Town Meeting.

Although no statement was available from either group, it is thought the relocation of Mystic street, the taking of the Russell Common by eminent domain, and other changes in the Center were discussed.

It is thought that no appropriations, as such, will be asked at this Town Meeting by the Development Commission.

The MDC skating rink on Route 2 will open tomorrow night at 8 p.m., it was announced yesterday.

Representatives John P. Buckley and Hollis M. Gott, in a joint statement, invited all residents to attend.

Commissioner Charles Greenough will be in charge of the ceremonies.

Gov. Foster Furcolo is expected to attend along with many other State, MDC, and local officials.

Buckley said that free skating will be allowed after the ceremonies.

The rink, long awaited by residents, has been under construction for months.

Inclement weather, difficulty with outside contractors and other problems delayed the work throughout.

But the only thing which can delay the opening now, according to Greenough, is inclement weather. If it is raining tomorrow night, the opening will be postponed he said.

The rink is located on the Belmont side of the Concord Turnpike near Lake street.

The main building will contain concessions, manager's office, rest rooms, skate rooms, and equipment and machinery.

Two rinks will be available. The larger rink will be used for hockey while the smaller rink will be used for pleasure skating.

It will be open day and night between Nov. 15 and March 15 each year.

It will accommodate 1,000 skaters.

High school hockey teams in the area will be allowed to rent the ice for practice sessions as will various individual hockey teams.

Parking for more than 500 cars will be available

CHRISTIAN SCIENCE

The fact that the healing, saving power of the Christ. Truth is always present will be explained at Christian Science services Sunday.

The Lesson-Sermon entitled "Truth" will include the following from Matthew (9:35): "And Jesus went about all the cities and villages, teaching in their synagogues, and preaching the gospel of the kingdom, and healing every sickness and every disease among the people."

Correlative selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (494:30): "Our Master cast out devils (evils) and healed the sick."

"It should be said of his followers also, that they cast fear and all evil out of themselves and others and heal the sick. God will heal the sick through man, whenever man is governed by God. Truth casts out error now as surely as it did nineteen centuries ago. All of Truth is not understood; hence its healing power is not fully demonstrated."

A Mere Pittance

Arlington's vandals passed a milestone in 1957 by smashing over 1,000 panes of glass in public buildings. This magnificent feat should bring raves of applause from the parents of these carefree youngsters. Especially since it only cost the taxpayer the sum of \$3,371.81. And, the total cost represents only \$64.80 per week, a mere pittance when one considers that boys must be boys.

The fact that \$64.80 is only a few dollars short of what a policeman earns, is more than many teachers earn, and in general equals, if not surpasses the take home salaries of the majority of people, is a mute point.

In the minds of many parents, a broken window does not necessarily mean that a boy is a criminal in the strictest sense of the word. It's breaking the law to be sure, but a broken window isn't a bank robbery. In brief, it's rather an unimportant lapse in the process of growing up.

And yet, if the parent is forced to suddenly shell out a ten dollar bill to pay for this damage, the matter becomes very important. And, in a few abnormal families, important enough to haul off and land a resounding slap.

Strangely enough, in most cases, the same kid will think twice the next time he sights past the rock in his hand and takes deadly aim on an inviting pane of glass.

TO THE "TAGGED RESIDENT":

You may not have succeeded in getting a study of the police department, but you sure got a lulu of an uproar going.

Defend Police—

(Continued from Page 1) visit one of several inspection stations within a stone's throw of his residence.

It does not embarrass Mr. "Tagged Resident" to admit his incompetence to direct his relative over the simplest route from Massachusetts ave., to his destination.

Legislation regarding metered parking is financial rather than safety legislation. A parking meter sensibly collects taxes though it also theoretically helps the nearby business man by restricting parking time thus permitting more customers to use the metered space.

One's fine for "tax evasion" at parking meters pays both the tax and cost of collecting it.

If the proper and orderly way of respecting the parking meter law is not obvious to the taxpayer, I can understand why it should make little difference to the Police Department whether the tax is paid through a slot or in court.

Residential or non-metered parking restrictions are safety laws. Enforcement by towing offending vehicles permits use of the street by moving vehicles for which it was constructed.

Tagging advises the violator he has obstructed his neighbor's right of way and compromised the safety of persons traveling by and the property of both himself and his neighbors.

The law, the safety principle, the property, are not influenced by the weather. Enforcement should not be influenced by weather either, but because of human limitations, always is.

When Mr. "T. R." was tagged for street parking, he was reminded sensibly of the folks who had to wait for a one lane traffic situation.

I have little sympathy with him in his uphill battle with the snow. I live at the top of one of the worst grades in town, and drive a light car which is no snow tractor.

Yet, with the help of a \$6 set of chains, I have had no occasion to join the ranks of wheel spinning neighbors who inconsiderately abandon their autos at the foot of a hill.

I think Mr. T. R., that you owe an apology to the Arlington Police Department.

You suggest in your letter to the Town Manager that "Someone should pound sense into the heads of people responsible for the attitude of the local police department."

Take a deep breath Mr. T. R. for you and those like you, whose concept of law and order in traffic would tax the congeniality of a Saint, much less a policeman whose salary, if doubled, could not afford property in Arlington taxable at \$1,000 per year.

I too am an ex-serviceman and am unimpressed with your concept of social freedoms.

As an Arlingtonian, I would support any move to relocate you and your automobile to the snow-free Solomon Islands where traffic laws would be more to your liking.

The unfortunate truth of the local situation is that a fair majority of Boston area residents share the same attitudes of Mr. T. R., hence our ridiculous auto insurance rates and graft ridden governments which are supported by an overtaxed, uninformed populace.

J. W. B.

To the Editor: I should like to comment on the utterly ridiculous request of a town resident who would have a study made of our police department.

It is unfortunate that this noble citizen has not tangled with the Registry men rather than our police whom he claims has so grossly mistreated him with their "gestapo tactics". This is especially so in regard to the time his car was without a required sticker.

As for the light changing while his wife was crossing the street on her way to church it is my opinion that we are most fortunate to enjoy the public service of police being stationed at churches on Sundays.

Now on to the difficulty he experienced during the recent snow storm: I should like to know why he was obviously driving without chains. Any intelligent driver will carry chains in his car as a safety precaution.

I cannot help but feel that

That Man About Town

By MAI

We noted an item that the Town Treasurer — Collector had collected ALL the taxes for 1956 and most of those for 1957. Francis Coughlin does a good job.

However, it should be pointed out here that a sizable sum is NEVER collected. This is particularly true of poll taxes and some personal property levies.

Each year there are several scores of people who skip town and state, owing these taxes. The Collector chases them by mail and duns them, if he can find their new address. Many pay up. Many do not. Finally, rather than carry them on the books forever, the delinquents are put on an "uncollectable" list. That list is then approved by the Assessors and the Collector can then forget about it. That's how the 1956 can be called ALL paid up.

Of course, real estate taxes are a different story. At the time of sale the tax situation is cleared up. If there is no sale, then the Town can put a lien on the property.

These delinquents probably chortle a bit over their smart trick. However, they will laugh out of the other side of the mouth if they should ever have to prove their previous legal residence here.

At least we assume when a former resident writes the Town Clerk for bona fide proof

after he did remove his car from the street that he wrote a letter to the public works department raising ruckus about poor snow removal.

If he resided or even drives through surrounding cities and towns he would note with pride that our snow removal is far superior to the others. This especially holds true with our fine police department.

Upon rereading his letter I was almost of the opinion that it was a hoax written to anger law-abiding citizens of Arlington.

I find it most difficult to believe that anybody could assume such a holier-than-thou attitude and sincerely believe that he himself should be immune to the rules and regulations placed upon not one, but close to fifty thousand residents to ensure their own safety.

Sincerely yours, M. O. N.

He is the son of Thomas Bernard Cosgrove of 18 Maynard st. and the late Mrs. Cosgrove.

Do you
recommend
nylon
velvet?

I sure do. No shoe in my experience has extracted so many compliments from parents as the nylon velvet party shoes.

Unlike suede, they do not get shiny when they are given rough wear. They do not crease or check. Spots can be washed off. Wearing boots over them gives them a steam cleaned look.

I can't dream up any health reason for recommending nylon velvet except maybe that selling them is closely tied in with this writer's nutrition.

Red and Gray Jottings

Marilyn McLaughlin

On Monday, Jan. 20, the girls basketball team faced Cambridge Latin. The result was a win for Arlington, 24-12. The starting line-up was forwards—Dee Austin, Mary-Anne Meile and Georgia Orphanos. Guards consisted of Barbara Allen, Sandra Schrieter and Crystal Keoppe.

Many students were seen polishing up their prettiest smiles Tuesday for yearbook pictures. Let's hope we can keep those smiles on Friday when marks for this term close.

The Thespians of the Dramatic Club are again working in the drama department. Tryouts are being held for parts in the drama festival coming up soon.

Allied Youth, another group at A.H.S. has elected as its leaders for the year Phil Malatesta, president, Debbie Lance, vice pres., Joan Mahoney, sec., and Paul Cioffi, treas.

During this week, a representative in each senior home-room has been taking orders for the yearbook "The Indian". No orders will be taken after Friday.

Planning entertainment and fun for this week-end? Don't forget to include basketball on Friday evening, when our hoopers will set out against Cambridge.

The week's activities will not be complete unless you attend the hockey game on Saturday. The icemen will flash the puck against Melrose.

Loudermen Split Two Suburban Loop Games

Jayvees Split

Coach Red Hill's Junior Varsity also split two decisions this week downing Watertown, 44-34 and bowing to Brockton 40-31.

At Watertown Friday, the Red and Gray fought off a third period surge to gain victory. For the locals it was Tom Freeman and Jack Hanley leading the way with Freeman getting ten points and Hanley nine.

Gerry McLaughlin and Paul McCarthy both had seven points.

Earlier in the week, Arlington fell prey to a fine Brockton five.

Leading by two points at the half, the locals went cold in the third period.

Archie Varello with 12 points and Gerry McLaughlin with 10 topped the Arlington scorers.

Legion Win Two

The Junior Legion basketball team captured two victories in three outings in Park Department play this week.

Warren Peirce of the Legion five again continued to star. With the season at the halfway mark Peirce has rung up 152 points and is threatening the all-time Legion scoring mark.

The record for a full campaign is held by Jack O'Leary with 171 points in the 1954-55 campaign.

WHEN YOU BUY...
MENTION THE ADVOCATE

For the third successive week, the Arlington high school basketball team split in two outings against Suburban League opponents.

The Red and Gray this week downed hapless Watertown, 60-41 and suffered a heart-breaking loss to highly ranked Brockton 71-64.

At Watertown Friday, Coach George Lowder's charges had little trouble in handling the home club its sixth straight loss.

Except for a brief second period surge, Watertown was never in contention.

Arlington jumped to a commanding 15-6 lead in the opening stanza. Three baskets by Bob Mattola and two and a free throw by Bill Scully provided the first period scoring punch.

In the second period, Watertown cut the local lead to three points with center Dave Harris pouring in seven of his ultimate 19 point total.

But the sharp shooting of the Red and Gray in the last half sewed up the win.

In all, Arlington hit close to 50 percent from the floor.

Capt. Jay Donovan paced the attack with 13 points while Mattola chipped in with 10 and Scully nine.

Three baskets by Brockton's Ken Davis in the last minute of play prevented Arlington from scoring one of the season's top upsets at Brockton Tuesday.

The Red and Gray saw a nine point halftime lead go down the drain as Brockton outpointed the locals 27-11 in the second half.

Three baskets by Mattola and four free throws by Scully helped give Arlington a 15-11 first period buffer.

Six point efforts by Scully and Dave Gilpatrick and two more buckets by Jay Donovan boosted Arlington to its nine-point margin at the half. The Loudermen maintained this lead throughout the third and fourth periods.

With less than a minute to go however, Brockton moved within one point and then Davis went on his scoring rampage.

Red and Gray Six Beats Stoneham

A last period goal by Jack Allen gave the Arlington high school hockey team a thrilling 2-1 victory over a scrappy Stoneham six at the Boston Arena Saturday.

The victory enabled the locals to stay in contention for the fourth place playoff spot.

Stoneham's lone tally came at 2:26 of the first period.

Stoneham wing Russ Huebner intercepted an AHS pass in the local zone and beat Tommy Apprille with a shot which broke through the goalie's pads.

Arlington opened the second period shorthanded because of a penalty. Stoneham made the most of its opportunity testing Apprille with several sizzling shot.

Local defenseman Frank Brennan knocked down one of the attempts and fired the puck up ice to Paul Aiken.

Aiken, who had slipped behind the defense, took the pass and soloed in on Stoneham goalie John Cataldo.

Cataldo made a sensational sprawling save but Aiken banged home the rebound to tie the score at 1-1.

The remainder of the game featured fast skating by both teams, hard checking by the defenses and sensational goal tending.

With little more than two minutes to play, a faceoff was called in the Stoneham zone.

Jack Allen took the puck in the faceoff circle and lifted a sizzling 45-footer through a maze of players and past the startled Cataldo.

This Saturday Coach Eddie Burns icemen meet Melrose at 3 p.m. Melrose has already clinched first place (excepting to playoffs) but a win by the locals would assure them of a sure playoff berth.

A defeat could drop them back into a tie.

Boy Scout District Meeting Held

Those present at the December District Meeting were Herman W. Foster field scout executive; Institutional Representatives — Richard E. Rice, Pack 86, Howard Robertson, Troop 8; Father John Carroll, Troop 7 and Pack 7; Don Johnston, Arlington District Chairman; Charles W. Clark, Arlington district commissioner; Phil Alsen, district advancement chairman, also institutional representative for Troop 6 and Explorer Post 6; Neighborhood Commissioners Harold Watson and Bob Lewis, John F. Lima, new District Chairman for Health and Safety and John K. Berry, Jr., chairman district public relations.

The chief topic of immediate interest was a discussion of the proposed Scouterall with a tentative date set for Saturday, Feb. 15 at the Town Hall, from 1 to 5 and 7 to 9 p.m.

This year's general theme will be "Health and Safety" featuring the "Safety Good Turn" and "Live For Tomorrow" slogans.

The District will have a special Safety Booth and each of the Pack, Troop or Explorer Post units will have booths.

After a discussion of an Arlington sponsored building project to take the form of a Nature Lodge, Trading Post, or Junior Leader Cabins at Camp Sachem, a vote was taken and the Arlington District moved that the Trustees of the Mabel E. Thompson Fund be requested to make funds available to build either a Nature Lodge or a Trading Post there.

Charles W. Clark, district commissioner, reported a growing attendance at the Scouting Round Tables, the December figures showing cubbing — 30; scouting — 15; and explorer — 12.

He reported that he had visited 6 troops within the month and that the Neighborhood Commissioners had been active in visiting their respective units.

He urged all scouting units to remember that Boy Scout

Week comes Feb. 7-13 and to make plans for their participation and to arrange for window displays in neighboring sections of the town.

Troop 6 was commended for its leadership in District advancement with one second Class Award, nine Merit Badges, one Star Scout and an Explorer Silver Award, the first in Arlington, to Bob Johnston.

Troop 85 had an Eagle Award, Troop 10, 16 Merit Badges while Troop 41 and Troops 7 and 13 showed advancement activity.

Troop 68 had a second Class Award and eight Merit Badges to its credit.

This completed the District Advancement record with a total of two Second Class, one Star Scout, one Eagle and thirty-seven Merit Badges for the month prior to the December District Meeting.

The Cub Packs were all active in advancement with Packs 86, 90, and 94 followed by 13 especially outstanding. November totals ran 30 Wolf, 30 Bear, 18 Lion and seven Webelos.

Scouts of the Arlington District were commended for their participation in the Civil Defense by Lt. Philip Sweeney.

Postage Jump Asked By Post Office

In view of the desperate need for additional Treasury funds to finance the nation's defense and missile program, Congress should raise postage rates to 5c for first class letters, Charles E. Puskar, Executive Secretary-Treasurer of the National Association of Postmasters of the United States, stated.

Puskar, speaking for 34,000 of the nation's 37,000 postmasters, pointed out that the postal deficit is estimated at \$705 million for 1958, "or more than three-fifths of the total cost of the missile program as estimated by the President."

In addition, he said that the Administration's Federal wage increase proposal would add about \$160 million to the postal deficit and increases in rates of pay to the railroads could force the postal deficit up over the \$900 million mark, unless realistic rate increases are forthcoming.

"A flat .5c rate for all first class letters would bring about \$180 million in additional revenues into the Treasury," Puskar said.

He pointed out that first class letter rates have not been raised since 1932, and since that time post office costs have doubled.

"In time of national peril it is ridiculous to tolerate a three-quarter billion dollar postal deficit simply because the rates are too low," he said.

He pointed out that all additional revenues accruing from a postage rate increase would go straight into the Federal Treasury and not into the Post Office Department.

Mrs. America is congratulated by Everett C. Bryant and Ernest A. Bulpitt, Vice President-Manager, and Sales Manager of the Mystic Valley Gas Company. Mrs. America who is actually Mrs. Linwood Findley, was flown from Washington, D. C. to Boston to take part in the annual Sales Meeting of the Gas Division of the New England Electric System that was held at the Hotel Hawthorne in Salem, Massachusetts on Monday, December 30.
